I start my day early in the morning. I usually get up at 9 a.m. and do things that everybody does at this time: washing, having breakfast and working out for 30 minutes. Also, I get my things, like a wallet, keys, backpack and a tablet, and leave home at about 10:30 o'clock. I don't have a car that's why I go to the bus stop and wait for the bus. It takes 1 hour to get to my college by it.

My day at work is typical: write lectures or do practical tasks on a computer. One pair lasts an hour and a half, usually there are 3 of them, but it happens 2 or 4 times. Between pairs there is a change of 10 minutes, a big change of 30 minutes. On it, everyone usually promises to buy food from vending machines. We have a dining room but it is not very popular. Then back to work. I usually leave at 6:40 p.m.

While returning home in public transport I always listen to music. I am at home at about half past seven. Then I change into more comfortable clothes and prepare supper. I always do my homework, watering the flowers, sprinkle feed if need be and take a shower. Sometimes I play computer games, Skype to my relatives, walking with friends. At last, I go to bed at 12.

So now you know how I spend my working day.
