My best vacation trip started in the summer of 2018. We went to Anapa village Vityazevo Boarding house Niko we Packed our bags and went to the train station where we were placed in a compartment I, Aunt, Uncle, Grandmother and cousin. We drove for a day we passed many cities on which I remember it was Rostov-on-don, then we passed the sea of Azov.

We were met by a taxi driver and taken to our boarding House, then we went to settle in. With my aunt and Uncle, we went to the beach and came to the stop to take a minibus and drive to the Central beach, which was called "Paralia".At the entrance met the Indians who wanted to take a picture with them because I did not know I went to them, and they did not want to let me go, there are a lot of shops and Souvenirs. We were on vacation for 2 weeks and I liked it very much.
