The book "In a Foreign Country" Hemingway Ernest belongs to the category of those worth reading, it is very interesting. The focus is on difficulty in relationships, but light irony, smoothing sharp angles and relieving tensions. Obviously, the issues raised here will not lose their relevance in time or space. The center of the work is the personality of the hero, and the main elements are the events and circumstances of his existence. In addition to the fascinating, exciting and interesting narrative, the story also retains the logic and sequence of events. From the first lines the visual images pay attention, they are in many ways distinct, colorful and graphic. The intrigue is so confusing that despite the clues it is incredibly difficult to guess the road on which the plot will go. With incredible excitement is perceived written! - Every step, every nuance is suggested, but at the same time surprising. With the help of hints, small details gradually grows the main whole, convincing us of the reality of the read. The dynamic and lively language of storytelling with incredible speed leads the finale and surprises the unpredictable junction. Considerable attention is paid to the place of events taking place, which makes the events colorful and realistic. "In a foreign country" Hemingway Ernest Miller is very interesting, because the topics and problems raised cannot be left indifferent.
