Learning English at the moment in the modern world is very important! Since English is a world language! Using this language will make it easier to find work, travel around the world! As well as a number of other reasons, I will now list these reasons.

When you learn, you become more educated. Fact: knowledge of a foreign language does not just develop the brain. Having learned English, you will get the opportunity to learn a lot of new and interesting things about everything around.

You can easily travel around the world. Indeed, in rabid countries they speak English. You will learn more about English culture. Language is culture, and culture is language. Simply put, fluency in English will help you better understand people living in English-speaking countries, help you understand how they think, live and work. You can become more confident in yourself. Learning a foreign language is difficult, everyone knows that. And people, having heard about your determination to learn a language, will respect this. In addition, you can earn the respect of others by the fact that with the help of English you can help people and communicate with them. And the last thing you do is give your brains a good charge! Finally, learning English will make you smarter and your brain stronger.

And from this we can conclude that English is needed for everyone who wants to cope with difficulties and to make life easier!
