## Rules of conduct visitors in this apartment in my absence

1. Do not use the socket in the bedroom! It sparks. And if you know how to fix – you can fix it!
2. Water supply to the washing machine every time after use close! Because of the strong pressure the crane can break.
3. Blankets and pillows are in the grey sofa. It is better to stay on the lilac sofa.
4. The computer does not work, you can not turn it on. But if you know how to install the program, you can install it.
5. The bathroom mixer doesn't work well. It should be turned on carefully. You can use my shampoos, soap, toothpaste!
6. Do not press the blue button on the TV remote! Dust on the TV do not forget to wipe every other day!
7. Water the flowers about twice a week. To do this only after, as land in pot dries up. Pour water on the edges, try not to fall under the root. To prevent one-sided growth is necessary from time to time to turn the pot. At once only do small turn.
8. In the evening, do not forget to close the window curtains, so you do not peep. As live right across the street guys with binoculars.
9. My clothes in the closet not to shift!
10. The door to the balcony doesn't close properly. When you close it you need to press down on the bottom. (If tickles fix – you can fix).
11. Its cosmetic use is allowed.
12. Needle and thread are in the table below.
13. The vacuum cleaner is not cleaned, so bad sucks. If you need to clean – clean the filters!

14. Water spend more economically, so there are counters! Before leaving, extinguish the light!

15. The gas is switched on without matches. Press the gas valve until it stops and turn left in this position.

16. Using the microwave, do not forget to cover the plate with a lid!

17. The screams of the neighbors do not pay attention - this is because they communicate with each other! Feel free!
