

Экзаменационные тесты по английскому языку для студентов 2 курса факультета

Тесты I уровня

1. Choose the correct word.

- a) aitiology
- b) +aetiology
- c) aetiologi
- d) aetyology
- e) aiitiology

2. Choose the correct word.

- a) +pathogenesis
- b) pathigenesis
- c) pathoginesis
- d) pathygenesis
- e) pathogenises

3. Choose the correct word.

- a) michanism
- b) mekhanism
- c) +mechanism
- d) mechanysm
- e) mekhanysm

4. Choose the correct word.

- a) vysual
- b) vizual
- c) visyal
- d) +visual
- e) vijual

5. Choose the correct word.

- a) palpatyon
- b) polpation
- c) +palpation
- d) palpathion
- e) palphation

6. Choose the correct word.

- a) perkussion
- b) percussion
- c) percussyon
- d) pircussion
- e) +percussion

7. Choose the correct word.

- a) auskultation
- b) auckultation
- c) +auscultation
- d) auscultatyon
- e) auscyltation

8. Choose the correct word.

- a) +cystoscopy
- b) cistoscopy
- c) cystascopy
- d) cyctoscopy
- e) cystoskopy

9. Choose the correct word.

- a) +edema
- b) idema
- c) ydema
- d) edima
- e) edyma

10. Choose the correct word.

- a) hemarrhage
- b) haemorrhage+
- c) haemorrhage
- d) haemorrage
- e) hemorrhage

11. Choose the correct word.

- a) objectyve
- b) objektive
- c) +objective
- d) objictive
- e) obzhective

12. Choose the correct word.

- a) subjectyve

- b) subzhective
- c) sybjective
- d) +subjective
- e) subjektive

13. Choose the correct word.

- a) +examination
- b) exemination
- c) examinasion
- d) examinatyon
- e) examinetion

14. Choose the correct word.

- a) electrocardyogram
- b) electracardiogram
- c) +electrocardiogram
- d) electrocardiagram
- e) electrocordiogram

15. Choose the correct word.

- a) cuagh
- b) caugh
- c) +cough
- d) couph
- e) cauhg

16. Choose the correct word.

- a) haidache
- b) headyche
- c) headachi
- d) hedache
- e) +headache

17. Choose the correct word.

- a) cyanosys
- b) +cyanosis
- c) cianosis
- d) cyonosis
- e) cianosys

18. Choose the correct word.

- a) +bronchiole
- b) branchiole
- c) bronchyole
- d) bronchiol
- e) bronchiel

19. Choose the correct word.

- a) dyfferentiate
- b) differentyate
- c) defferentiate
- d) +differentiate
- e) differentiat

20. Choose the correct word.

- a) pleyrisy
- b) pleurisi
- c) pleurysy
- d) pleurysi
- e) +pleurisy

21. Choose the correct word.

- a) occlysion
- b) occlusyon
- c) +occlusion
- d) occlision
- e) occlysyon

22. Choose the correct word.

- a) surfaci
- b) +surface
- c) surfice
- d) syrface
- e) surfece

23. Choose the correct word.

- a) +alveoli
- b) alvioli
- c) alveolyi
- d) alveoly
- e) alveyoli

24. Choose the correct word.

- a) leicocytosis
- b) leucacytosis
- c) leucocitosis
- d) +leucocytosis
- e) leucocytosys

25. Choose the correct word.

- a) erithrocyte
- b) erythrocyte
- c) erythrocyty
- d) erythrocyti

e) +erythrocyte

26. Choose the correct word.

- a) tyberculosis
- b) + tuberculosis
- c) tubercylosis
- d) tuberculosys
- e) tubirculosis

27. Choose the correct word.

- a) +causative
- b) caysative
- c) causateve
- d) causatyve
- e) causativi

28. Choose the correct word.

- a) bynign
- b) benegn
- c) binign
- d) + benign
- e) benigne

29. Choose the correct word.

- a) fatige
- b) fatiguy
- c) fatygue
- d) fatugue
- e) +fatigue

30. Choose the correct word.

- a) corpascles
- b) +corpuscles
- c) corpusclis
- d) corposcles
- e) carpuscles

31. Choose the correct word.

- a) pricede
- b) +precede
- c) prycede
- d) precide
- e) precyde

32. Choose the correct word.

- a) tonsyllitis
- b) tonsellitits

- c) tonsillytis
- d) tonsillites
- e) + tonsillitis

33. Choose the correct word.

- a) trecuspid
- b) trycuspid
- c) +tricuspid
- d) tricaspid
- e) tricuspel

34. Choose the correct word.

- a) +rheumatic
- b) rheymatic
- c) rheumetic
- d) rheumatyc
- e) rheiumatic

35. Choose the correct word.

- a) temour
- b) timour
- c) tymour
- d) + tumour
- e) tumoyr

36. Choose the correct word.

- a) aneimia
- b) anaemya
- c) anamia
- d) anaimia
- e) + anaemia

37. Choose the correct word.

- a) heredetary
- b) hereditari
- c) heryditary
- d) hireditary
- e) +hereditary

38. Choose the correct word.

- a) bleedeng
- b) bleedying
- c) + bleeding
- d) blieding
- e) bleyding

39. Choose the correct word.

- a) jayndice
- b) +jaundice
- c) jaundyce
- d) jaundicy
- e) jaunduce

40. Choose the correct word.

- a) +simultaneous
- b) symultaneous
- c) simyltaneous
- d) simultaneus
- e) similtaneous

41. Choose the correct word.

- a) chalcystitis
- b) +cholecystitis
- c) cholicystitis
- d) cholecistitis
- e) cholecystitys

42. Choose the correct word.

- a) galbladder
- b) gallblader
- c) gallbledder
- d) gallbladdir
- e) + gallbladder

43. Choose the correct word.

- a) caterrhal
- b) catarrhol
- c) + catarrhal
- d) catarhal
- e) catorrhal

44. Choose the correct word.

- a) gongrenous
- b) gangrinous
- c) gangrynous
- d) gangrenoys
- e) +gangrenous

45. Choose the correct word.

- a) +hypochondrium
- b) hihochondrium
- c) hyhochondryum
- d) hihochodrium
- e) hyhochodrum

46. Choose the correct word.

- a) umbycial
- b) umbycyal
- c) + umbilical
- d) umbecial
- e) umbeical

47. Choose the correct word.

- a) perytaneum
- b) peritoneym
- c) perotonium
- d) perytoneum
- e) +peritoneum

48. Choose the correct word.

- a) sclyrai
- b) +sclerae
- c) sclere
- d) sclerye
- e) sclirae

49. Choose the correct word.

- a) chemothirapy
- b) chymotherapy
- c) +chemotherapy
- d) chimotherapy
- e) chematherapy

50. Choose the correct word.

- a) metral
- b) mitrol
- c) mitrel
- d) + mitral
- e) mitrale

51. Choose the correct word.

- a) aeortic
- b) aortik
- c) + aortic
- d) eortic
- e) aortec

52. Choose the correct word.

- a) + murmur
- b) mermur
- c) murmar
- d) mermer

e) mirmur

53. Choose the correct word.

- a) byochemical
- b) +biochemical
- c) biochemycal
- d) biochymical
- e) byochemical

54. Choose the correct word.

- a) daiognosis
- b) deiognosis
- c) dyagnousis
- d) diagnous
- e) +diagnosis

55. Choose the correct word.

- a) impayrment
- b) impaement
- c) +impairment
- d) impaumint
- e) imperment

56. Choose the correct word.

- a) cerculation
- b) cyrculation
- c) cyrculatein
- d) +circulation
- e) cerculation

57. Choose the correct word.

- a) +disturbance
- b) dysturbance
- c) desturbanse
- d) distyrbanci
- e) dysturbanse

58. Choose the correct word.

- a) exchange
- b) exchyngе
- c) exchingе
- d) exchangi
- e) +exchange

59. Choose the correct word.

- a) athirosclerosis
- b) +atherosclerosis

- c) athyrosclerosis
- d) atherosclyrosis
- e) athirosclirosis

60. Choose the correct word.

- a) syfficient
- b) sifficient
- c) +sufficient
- d) suffysient
- e) syffisyent

61. Choose the correct word.

- a) +carbohydrate
- b) carbohidrate
- c) carbohedrate
- d) carbohedrite
- e) carbohydrite

62. Choose the correct word.

- a) nyurogenous
- b) niurogenous
- c) neurogenous
- d) +neurogenous
- e) nierogenous

63. Choose the correct word.

- a) + irritation
- b) iritation
- c) irretation
- d) irritetion
- e) irrytation

64. Choose the correct word.

- a) naysea
- b) nausyia
- c) nausia
- d) nausya
- e) +nausea

65. Choose the correct word.

- a) exicerbation
- b) exacirbation
- c) +exacerbation
- d) exycerbation
- e) execyrbation

66. Choose the correct word.

- a) +appendicitis
- b) appendicytis
- c) appendicitys
- d) appindicitis
- e) appendycitis

67. Choose the correct word.

- a) infectiuus
- b) infictious
- c) infectiois
- d) infectios
- e) +infectious

68. Choose the correct word.

- a) severie
- b) sivere
- c) sevire
- d) + severe
- e) sevyre

69. Choose the correct word.

- a) peritonytis
- b) +peritonitis
- c) perytonitis
- d) peritonaitis
- e) peritonitys

70. Choose the correct word.

- a) + intoxication
- b) intoxicetion
- c) intoxicatoin
- d) intosexication
- e) intexication

71. Cross out the extra word.

- a) palpation
- b) percussion
- c) auscultation
- d) edema
- e) +village

72. Cross out the extra word.

- a) history-taking
- b) physical examination
- c) visual examination
- d) sputum
- e) +plant

73. Cross out the extra word.

- a) urinalysis
- b) blood
- c) fever
- d) +station
- e) headache

74. Cross out the extra word.

- a) haemorrhage
- b) + bread
- c) vomiting
- d) dizziness
- e) breathlessness

75. Cross out the extra word.

- a) occlusion
- b) sputum
- c) dullness
- d) disease
- e) + rest

76. Cross out the extra word.

- a) foci
- b) tissue
- c) rales
- d) crepitation
- e) +graduation

77. Cross out the extra word.

- a) pressure
- b) respiration
- c) + toy
- d) liver
- e) spleen

78. Cross out the extra word.

- a) analysis
- b) leucocytosis
- c) + mark
- d) blood
- e) erythrocyte

79. Cross out the extra word.

- a) + box
- b) lung
- c) focus

- d) pneumonia
- e) tuberculosis

80. Cross out the extra word.

- a) cyanosis
- b) bronchiole
- c) crepitation
- d) pleurisy
- e) + education

81. Cross out the extra word.

- a) malaise
- b) + scientist
- c) fatigue
- d) fever
- e) pus

82. Cross out the extra word.

- a) mucopurulent
- b) pus
- c) benign
- d) + knowledge
- e) perspiration

83. Cross out the extra word.

- a) palpitation
- b) heart
- c) + liquid
- d) murmur
- e) valve

84. Cross out the extra word.

- a) physician
- b) pharmacist
- c) + learner
- d) cardiologist
- e) doctor

85. Cross out the extra word.

- a) aortic
- b) mitral
- c) + dentist
- d) tricuspid
- e) apical

86. Cross out the extra word.

- a) inflammation

- b) temperature
- c) fever
- d) + ward
- e) cough

87. Cross out the extra word.

- a) flowers
- b) grasses
- c) plants
- d) trees
- e) + man

88. Cross out the extra word.

- a) institute
- b) academy
- c) university
- d) college
- e) + office

89. Cross out the extra word.

- a) cardiosurgery
- b) cardiogram
- c) cardiologist
- d) + urology
- e) radiography

90. Cross out the extra word.

- a) ulcer
- b) + student
- c) nausea
- d) erosion
- e) pathogenesis

91. Cross out the extra word.

- a) plain
- b) desert
- c) mountain
- d) +climate
- e) valley

92. Cross out the extra word.

- a) heart
- b) + cystoscopy
- c) stomach
- d) kidney
- e) liver

93. Cross out the extra word.

- a) malignant
- b) hereditary
- c) +pancreas
- d) congenital
- e) benign

94. Cross out the extra word.

- a) +overstrain
- b) tumour
- c) cancer
- d) carcinoma
- e) oncology

95. Cross out the extra word.

- a) stomachache
- b) stomach
- c) +urine
- d) gastroscopy
- e) gastroenterologist

96. Cross out the extra word.

- a) room
- b) laboratory
- c) house
- d) cabinet
- e) +lecture

97. Cross out the extra word.

- a) heart
- b) lung
- c) + patient
- d) liver
- e) spleen

98. Cross out the extra word.

- a) cardiologist
- b) physician
- c) therapist
- d) + teacher
- e) urologist

99. Find the synonym to the word “impairment”.

- a) irritation
- b) +injury
- c) inflammation
- d) manifestation

e) obstruction

100. Find the antonym to the word “to arrest”

- a) to accelerate
- b) to confirm
- c) + to stop
- d) to consider
- e) to decide

101. Cross out the extra word.

- a) scientist
- b) teacher
- c) doctor
- d) pharmacist
- e) + health

102. Cross out the extra word.

- a) face
- b) + bag
- c) tongue
- d) lips
- e) skin

103. Cross out the extra word.

- a) jaundice
- b) cholecystitis
- c) peritonitis
- d) appendicitis
- e) +chemist

104. Cross out the extra word.

- a) urine
- b) +disease
- c) pus
- d) serum
- e) blood

105. Cross out the extra word.

- a) fever
- b) vomiting
- c) bleeding
- d) +health
- e) haemorrhage

106. Cross out the extra word.

- a) west

- b) east
- c) +climate
- d) north
- e) south

107. Find the common word for this group.

- a) +physical examination
- b) visual examination
- c) palpation
- d) percussion
- e) auscultation

108. Find the common word for this group.

- a) urinalysis
- b) + laboratory studies
- c) blood analysis
- d) analysis of stool
- e) analysis of sputum

109. Find the common word for this group.

- a) ultra sound investigation
- b) + instrumental studies
- c) electrocardiograms
- d) cystoscopy
- e) X-ray

110. Find the common word for this group.

- a) breathlessness
- b) edema
- c) +symptom
- d) cough
- e) vomiting

111. Find the common word for this group.

- a) fever
- b) haemorrhage
- c) cough
- d) + sign
- e) bleeding

112. Find the common word for this group.

- a) + objective symptom
- b) breathlessness
- c) vomiting
- d) haemorrhage
- e) fever

113. Find the common word for this group.

- a) headache
- b) backache
- c) + subjective symptom
- d) dizziness
- e) cough

114. Find the common word for this group.

- a) breathlessness
- b) cyanosis
- c) + lobular pneumonia
- d) cough
- e) occlusion of bronchioles

115. Find the common word for this group.

- a) palpation
- b) percussion
- c) auscultation
- d) visual examination
- e) +physical examination

116. Find the common word for this group.

- a) +signs
- b) malaise
- c) fatigue
- d) loss of appetite
- e) loss of weight

117. Find the common word for this group.

- a) +symptom
- b) cough
- c) sputum
- d) fever
- e) perspiration

118. Find the common word for this group.

- a) stomachache
- b) +symptoms
- c) haemorrhage
- d) nausea
- e) vomiting

119. Find the common word for this group.

- a) nausea
- b) + gastric and duodenal ulcer
- c) vomiting
- d) haemorrhage
- e) pain

120. Find the common word for this group.

- a) + gastric carcinoma
- b) disturbance in gastric digestion
- c) epigastric pain
- d) loss of weight
- e) vomiting of blood

121. Find the common word for this group.

- a) gastric digestion
- b) +symptom
- c) epigastric pain
- d) vomiting of blood
- e) fever

122. Find the common word for this group.

- a) + sign
- b) bleeding
- c) severe anaemia
- d) loss of appetite
- e) loss of weight

123. Find the common word for this group.

- a) gastric carcinoma
- b) +disease
- c) angina pectoris
- d) lobular pneumonia
- e) hepatitis

124. Find the common word for this group:

- a) liver
- b) spleen
- c) heart
- d) kidney
- e) + organ

125. Find the common word for this group.

- a) dryness in the mouth
- b) vomiting
- c) nausea
- d) constipation
- e) + clinical manifestation

126. Find the common word for this group.

- a) cold perspiration
- b) pale skin
- c) dry tongue

- d) dry lips
- e) +cholecystitis

127. Give the synonym to “to start”:

- a) to play
- b) + to begin
- c) to bring
- d) to finish
- e) to give

128. Choose the right definition.

The place where the patients are admitted to the hospital first of all is

- a) room
- b) +reception ward
- c) chemist
- d) office
- e) classroom

129. Give the synonym for “chronic”.

- a) viral
- b) epidemic
- c) infectious
- d) + prolonged
- e) pathologic

130. Give the synonym for “sick person”.

- a) doctor
- b) dentist
- c) scientist
- d) nurse
- e) +patient

131. Give the synonym for “bleeding”.

- a) dizziness
- b) + haemorrhage
- c) sputum
- d) fluid
- e) substance

132. Give the antonym for “anterior” is:

- a) superior
- b) inferior
- c) inner
- d) +posterior
- e) upper

133. Give the synonym to “famous”:

- a) common
- b) +well-known
- c) special
- d) important
- e) significant

134. Give the antonym for “hot”:

- a) light
- b) warm
- c) +cold
- d) fresh
- e) freezing

135. Give the antonym for “objective”:

- a) +subjective`
- b) secondary
- c) physical
- d) visual
- e) primary

136. Give the antonym to the word “slowly”:

- a) never
- b) almost
- c) probably
- d) lately
- e) +rapidly

137. Give the antonym for “to increase”:

- a) to disappear
- b) to include
- c) to indicate
- d) to demand
- e) +to decrease

138. Give the antonym for “benign”:

- a) hereditary
- b) +malignant
- c) permanent
- d) profuse
- e) empty

139. Give the antonym for “old”:

- a) different
- b) strong
- c) quick
- d) easy
- e) + young

140. Give the antonym for “primary”:

- a) acute
- b) chronic
- c) general
- d) +secondary
- e) localized

141. Give the antonym for “inner”:

- a) left
- b) right
- c) low
- d) +outer
- e) middle

142. Give the synonym for “sign”:

- a) palate
- b) + symptom
- c) pain
- d) cough
- e) fever

143. Give the proper definition.

The place where we buy drugs is

- a) a shop
- b) a café
- c) +a chemist
- d) a university
- e) a school

144. Find the common word for this group.

- a) +organs
- b) liver
- c) gallbladder
- d) lung
- e) kidneys

145. Find the common word for this group.

- a) aspirin
- b) bromide
- c) + medicine
- d) valerian
- e) vitamins

146. Find the common word for this group.

- a) atrio-ventricular
- b) + valves
- c) aortic
- d) tricuspid

e) mitral

147. Find the common word for this group.

- a) + treatment
- b) a bed regimen
- c) intravenous injection
- d) intramuscular injection
- e) remedies

148. Find the common word for this group.

- a) Vishnevsky
- b) Meshalkin
- c) Petrovsky
- d) + Surgeons
- e) Amosov

149. Find the common word for this group.

- a) + laboratory studies
- b) blood analysis
- c) biochemical blood analysis
- d) urine analysis
- e) sputum

150. Find the common word for this group.

- a) fever
- b) vomiting
- c) jaundice
- d) haemorrhage
- e) + symptoms

151. Find the common word for this group.

- a) itching
- b) coloured urine
- c) +signs
- d) white stool
- e) haemorrhage

152. Find the common word for this group.

- a) general
- b) acute
- c) primary
- d) +types of peritonitis
- e) secondary

153. Find the common word for this group.

- a) chronic
- b) secondary
- c) + types of peritonitis

- d) acute
- e) localized

154. Find the common word combination for this group.

- a) elevated temperature
- b) pain in abdomen
- c) presence of fluid
- d) tenderness in abdomen
- e) + symptoms of peritonitis

155. Find the common word combination for this group.

- a) inflammatory sex organs
- b) perforating appendicitis
- c) perforating gastric ulcer
- d) + causes of peritonitis
- e) perforating duodenal ulcers

156. Give the antonym for “to occur”:

- a) to appear
- b) to survive
- c) to manifest
- d) to reveal
- e) + to disappear

157. Give the antonym for “direct”:

- a) distinct
- b) valuable
- c) + indirect
- d) primary
- e) lateral

158. Give the antonym for “complete”:

- a) uncomplete
- b) composite
- c) reproductive
- d) + incomplete
- e) indirect

159. Give the synonym for “to reveal”:

- a) to reduce
- b) to treat
- c) to develop
- d) to spread
- e) +to find

160. Give the antonym for “soft”:

- a) + hard

- b) external
- c) disternal
- d) internal
- e) acute

161. Give the antonym for “narrow”:

- a) fresh
- b) external
- c) ovate
- d) circle
- e) + wide

162. Give the antonym for “singular”:

- a) primary
- b) secondary
- c) direct
- d) + plural
- e) internal

163. Give the antonym for “impossible”:

- a) general
- b) fresh
- c) + possible
- d) ready
- e) effective

164. Give the antonym for “tall”:

- a) + short
- b) large
- c) huge
- d) strong
- e) high

165. Give the synonym for “form”

- a) +shape
- b) circle
- c) square
- d) border
- e) size

166. Give the synonym for “to gather”:

- a) to hold
- b) to correct
- c) +to collect
- d) to cut
- e) to develop

167. Give the synonym for “to treat”:

- a) to cut
- b) + to cure

- a) sputum
- b) cough
- c) malaise
- d) +fever
- e) edema

18. Complete the sentence:

The typical sign of pulmonary tuberculosis is....

- a) toothache
- b) + loss of body weight
- c) stomachache
- d) edema
- e) backache

19. Complete the sentence:

The ... analysis revealed leucocytosis in the range of 12000-15000 per cu mm in the patient with lobular pneumonia.

- a) urine
- b) pus
- c) + blood
- d) sputum
- e) stool

20. Complete the sentence:

The patient's breathing with lobular pneumonia was rapid with ... respirations per minute.

- a) +30-40
- b) 25-35
- c) 20-30
- d) 27-28
- e) 25-26

21. Complete the sentence:

The diet of the patients with atherosclerosis must contain amount of proteins.

- a) insufficient
- b) small
- c) few

- d) +sufficient
- e) least

22. Complete the sentence:

Smoking affects the walls of the of the patient with atherosclerosis.

- a) + blood vessels
- b) ligament
- c) cartilage
- d) tissue
- e) fibers

23. Complete the sentence:

The doctor estimated an inflammatory process of the patient with rheumatic endocarditis in the.....

- a) aorta
- b) tissue
- c) vena
- d) +valves
- e) stomach

24. Complete the sentence:

While listening to the patient's heart with rheumatic endocarditis the doctor found a soft murmur at the heart apex.

- a) +systolic
- b) dull
- c) prolonged
- d) accelerated
- e) slight

25. Complete the sentence:

The patient with rheumatic endocarditis complained of a... .

- a) general malaise, palpitation and headache
- b) general malaise and vomiting
- c) + general malaise, early fatigue on exertion, cardiac discomfort and palpitation
- d) breathlessness, cardiac discomfort and palpitation
- e) edema, cardiac discomfort and palpitation

26. Complete the sentence:

The aetiology of cancer is... .

- a) known
- b) determined
- c) + unknown
- d) proved
- e) easy

27. Complete the sentence:

The highest incidence of cancer of the stomach is noted at ages of...

- a) 70-80
- b) 30-40
- c) 25-26
- d) + 50-60
- e) 45-49

28. Complete the sentence:

Gastric carcinoma is a frequent form of....

- a) lobular pneumonia
- b) + cancer
- c) acute appendicitis
- d) Botkin's disease
- e) acute cholecystitis

29. Complete the sentence:

Heart operation must be preceded by

- a) cystoscopy and listening to the heart
- b) + x-ray examination, electrocardiogram, clinical and biochemical blood analyses
- c) biochemical blood analyses, palpitation
- d) heart murmurs, percussion
- e) electrocardiogram, physical examination

30. Complete the sentence:

Blood in the sputum is sometimes the first sign of....

- a) lobular pneumonia
- b) flu
- c) + tuberculosis
- d) rheumatic endocarditis
- e) angina pectoris

31. Complete the sentence:

Bromide and valerian improve general condition of patient with....

- a) lobular pneumonia
- b) + atherosclerosis
- c) angina pectoris
- d) tuberculosis
- e) rheumatic endocarditis

32. Complete the sentence:

Cholecystitis is the inflammation of the...

- a) brain
- b) lung
- c) kidney
- d) + gallbladder
- e) chest

33. Complete the sentence:

The main forms of cholecystitis are...

- a) catarrhal
- b) +catarrhal, purulent and gangrenous
- c) purulent
- d) gangrenous
- e) gangrenous and permanent

34. Complete the sentence:

The main symptoms of peritonitis are...

- a) dizziness and vomiting
- b) +vomiting, pain and tenderness in the abdomen
- c) vomiting, dizziness and headache
- d) tenderness in the abdomen and dizziness
- e) tenderness in the liver

35. Complete the sentence:

The blood analysis of the patient with peritonitis usually reveals...

- a) erythrocytes
- b) +leucocytosis
- c) proteins
- d) thrombocytes
- e) pus corpuscles

36. Complete the sentence:

In old persons ulcers are complicated by hemorrhage which is due to...

- a) irregular diet in combination with a nervous overstrain
- b) +sclerotic changes in the stomach
- c) sclerotic changes in the lungs
- d) sclerotic changes in the kidney
- e) sclerotic changes in the spleen

37. Complete the sentence:

Exacerbation of duodenal ulcers are known to occur in...

- a) winter
- b) summer
- c) + spring and autumn
- d) spring and summer
- e) winter and autumn

38. Complete the sentence:

The patient with a severe form of lobular pneumonia is usually admitted to...

- a) surgical department
- b) cardiological department
- c) chemist's department
- d) + therapeutic department
- e) prescription department

39. Complete the sentence:

Clinical manifestations of the acute cholecystitis are...

- a) +dryness in the mouth, vomiting nausea and constipation
- b) dryness in the mouth, nausea and breathlessness
- c) dryness in the mouth, constipation and edema
- d) dryness in the mouth, constipation and palpitation
- e) dryness in the mouth, cyanosis

40. Complete the sentence:

The patient with acute cholecystitis complains of intense pain in ...

- a) left hypochondrium and in the umbilical area
- b) +right hypochondrium and in the umbilical area
- c) posterior part of the lungs
- d) anterior part of the chest
- e) anterior part of the lungs

41. Complete the sentence:

Purulent form of ... is highly dangerous to life and requires emergency operation

- a) Botkin`s disease
- b) +Cholecystitis
- c) flu
- d) jaundice
- e) endocarditis

42. Complete the sentence:

The pulse rate of the patient with lobular pneumonia is

- a) +accelerated
- b) reduced
- c) decreased
- d) slow
- e) slight

43. Complete the sentence:

The arterial pressure of the patient with lobular pneumonia is

- a) accelerated
- b) +reduced
- c) increased
- d) slow
- e) intensified

44. Complete the sentence:

In active forms of tuberculosis the body temperature is... degrees

- a) +38-39
- b) 39-40
- c) 37-38
- d) 35-36
- e) 36-36.5

45. Complete the sentence:

The patient stated that the onset of the rheumatic endocarditis had been preceded by....

- a) diphtheria
- b) +tonsillitis
- c) jaundice
- d) peritonitis
- e) acute cholecystitis

46. Complete the sentence:

The patient with acute cholecystitis suffers from...

- a) intense pains in the left hypochondrium in the umbilical area
- b) + intense pains in the right hypochondrium in the umbilical area

- c) slight pain and general epigastrium discomfort
- d) profuse bleeding
- e) acute pain in the chest

47. Complete the sentence:

The X- ray examination of the lungs in lobular pneumonia showed... .

- a) numerous erythrocytes of various size
- b) numerous thrombocytes of various size
- c) numerous tumours of various size
- d) +numerous foci of inflammation of various size
- e) few foci of inflammation of various size

48. Complete the sentence:

Patient Smirnov was admitted to the hospital with the diagnosis of ...

- a) lung abscess
- b) bronchitis
- c) jaundice
- d) angina pectoris
- e) +lobular pneumonia

49. Complete the sentence:

Fever in patient with lobular pneumonia had been persisting for.... .

- a) three weeks
- b) a month
- c) two months
- d) +two weeks
- e) five days

50. Complete the sentence:

Microscopic examination of sputum in the patient with tuberculosis revealed....

- a) +pus corpuscles, erythrocytes and tuberculosis organisms
- b) pus corpuscles, leucocytes and tuberculosis organisms
- c) pus corpuscles, thrombocytes and tuberculosis organisms
- d) pus corpuscles, leucocytes and thrombocytes
- e) pus corpuscles and leucocytes

51. Complete the sentence:

Cold profuse at night is sometimes evidence of a severe form of tuberculosis.

- a) vomiting
- b) +perspiration
- c) malaise

- d) fatigue
- e) edema

52. Complete the sentence:

The patient with rheumatic endocarditis must follow

- a) +a strict bed regimen
- b) a strict salt diet
- c) irregular bed regimen
- d) a strict physical regimen
- e) irregular diet

53. Complete the sentence:

Irregular diet as well as an emotional overstrain contributes to the

- a) disturbances of gastric and liver organs
- b) +development of gastric and duodenal ulcers
- c) development of acute tuberculosis
- d) development of lobular pneumonia
- e) development of peritonitis

54. Complete the sentence:

Acute cholecystitis is known to be characterized by ...

- a) +pain radiating to the breastbone and lumbar area
- b) profuse external bleeding
- c) pain radiating in the kidney
- d) pain radiating in the abdomen
- e) pain radiating in the spleen

55. Complete the sentence:

The patient suffering from gastric carcinoma has.... appetite.

- a) increased
- b) +reduced
- c) improved
- d) good
- e) excellent

56. Complete the sentence:

Dullness in the lungs, abnormal respirations, dry râles and crepitation are the symptoms of.....

- a) diphtheria
- b) peritonitis

- c) jaundice
- d) +lobular pneumonia
- e) Botkin's disease

57. Complete the sentence:

The term "Botkin's disease" was introduced into medicine due to the efforts of the well-known physician

- a) Bakulev
- b) Amosov
- c) Koch
- d) Ivanovsky
- e) + Konchalovsky

58. Complete the sentence:

The prominent Russian scientist S.Botkin was the first to advance the idea of

- a) vaccination
- b) +infectious origin of hepatitis
- c) virus
- d) microscopic agent
- e) bacteria

59. Complete the sentence:

The prominent Russian scientist S.Botkin was the first to advance the idea of infectious origin of hepatitis in.....

- a) 1884
- b) 1885
- c) +1880
- d) 1890
- e) 1891

60. Complete the sentence:

Men at the ages of 25 to 40 often suffer from ulcers more than

- a) children
- b) infants
- c) newborns
- d) + women
- e) adults

61. Complete the sentence:

..... pain in the stomach is known to be characteristic of perforated ulcers.

- a) +Acute

- b) Light
- c) Periodical
- d) Intermittent
- e) Permanent

62. Complete the sentence:

Intermittent pain in occurrence is known to be characteristic of.....

- a) diphtheria
- b) +gastric and duodenal ulcers
- c) jaundice
- d) peritonitis
- e) acute cholecystitis

63. Complete the sentence:

In the majority of cases ulcer is developed in nervous persons after

- a) +emotional overstrain
- b) physical overstrain
- c) fatigue
- d) malaise
- e) loss of appetite

64. Complete the sentence:

Urinalysis, blood, sputum analyses are made during

- a) x-ray examination
- b) +laboratory studies
- c) electrocardiogram
- d) visual examination
- e) instrumental studies

65. Complete the sentence:

Hemorrhage, vomiting are.....

- a) +objective symptoms
- b) subjective symptoms
- c) primary symptoms
- d) secondary symptoms
- e) initial symptoms

66. Complete the sentence:

Headache or dizziness are.....

- a) objective symptoms

- b) +subjective symptoms
- c) primary symptoms
- d) secondary symptoms
- e) initial symptoms

67. Complete the sentence:

Recovery of patients with purulent form of cholecystitis is achieved by

- a) antibiotic therapy
- b) bed regimen
- c) diet
- d) examination
- e) + emergency operation

68. Complete the sentence:

It is known that an irregular diet and may contribute to the onset of ulcer development.

- a) +emotional overstrain
- b) physical overstrain
- c) fatigue
- d) malaise
- e) loss of appetite

69. Complete the sentence:

At a young age the course of ulcer has no characteristic clinical

- a) pictures
- b) +manifestations
- c) phenomena
- d) complications
- e) figures

70. Complete the sentence:

..... of the patient with lobular pneumonia has been persisting for two weeks.

- a) Haemorrhage
- b) Vomiting
- c) Headache
- d) Dizziness
- e) +Fever

71. Complete the sentence:

In of tuberculosis the body temperature is subfebrile.

- a) normal processes
- b) +benign processes

- c) severe processes
- d) malignant processes
- e) progressive processes

72. Complete the sentence:

The ... of rheumatic endocarditis of the patient is preceded by tonsillitis.

- a) elevation
- b) + onset
- c) course
- d) cause
- e) range

73. Complete the sentence:

The examination of the lungs in lobular pneumonia showed numerous foci of inflammation of various size.

- a) Electrocardiogram
- b) Cystoscopy
- c) +X-ray
- d) Auscultation
- e) palpation

74. Complete the sentence:

Cold profuse perspiration at night is sometimes evidence of a severe form of.....

- a) jaundice
- b) peritonitis
- c) acute cholecystitis
- d) +tuberculosis
- e) angina pectoris

75. Complete the sentence:

The X- ray examination of the....in lobular pneumonia showed numerous foci of inflammation of various size.

- a) heart
- b) +lungs
- c) liver
- d) kidney
- e) spleen

76. Complete the sentence:

In the patient suffers from intense pains in the right hypochondrium in the umbilical area.

- a) +acute cholecystitis

- b) peritonitis
- c) diphtheria
- d) jaundice
- e) ulcer

77. Complete the sentence:

Exacerbations of are known to occur in spring and autumn.

- a) + duodenal ulcers
- b) peritonitis
- c) jaundice
- d) diphtheria
- e) acute cholecystitis

78. Complete the sentence:

Peritonitis is known to be

- a) general or localized, primary, chronic
- b) general or localized, acute, secondary
- c) general or localized, acute or chronic
- d) general or localized, primary or secondary
- e) + general or localized, acute or chronic, primary or secondary

79. Complete the sentence:

The of the patient with peritonitis usually reveals leucocytosis.

- a) sputum analysis
- b) +blood analysis
- c) urinalysis
- d) physical examination
- e) visual examination

80. Complete the sentence:

The must know well the pathogenesis of any disease.

- a) teacher
- b) driver
- c) journalist
- d) actress
- e) +doctor

81. Complete the sentence:

The gives the intramuscular and intravenous injections.

- a) teacher

- b) painter
- c) scientist
- d) writer
- e) +nurse

82. Complete the sentence:

For establishing a correct diagnosis it is necessary to make such procedures as

- a) history-taking
- b) physical examinations
- c) instrumental studies
- d) laboratory studies
- e) +history-taking, physical examinations, laboratory and instrumental studies

83. Complete the sentence:

The patient with the signs of atherosclerosis must not less than 7-8 hours.

- a) smile
- b) sit
- c) lie
- d) +sleep
- e) run

84. Complete the sentence:

The causative agent of tuberculosis was discovered by Koch in

- a) 1987
- b) 1876
- c) + 1882
- d) 1886
- e) 1909

85. Complete the sentence:

Pulmonary tuberculosis is caused by

- a) virus
- b) +mycobacterium
- c) coccus
- d) bacteria
- e) microorganism

86. Complete the sentence:

Peritonitis affects one of the

- a) muscles
- b) extremities
- c) cartilages
- d) +abdominal organs
- e) valves

87. Complete the sentence:

Acute general purulent is believed to be due to perforation of one of the hollow abdominal organs.

- a) +peritonitis
- b) jaundice
- c) lobular pneumonia
- d) angina pectoris
- e) Botkin's disease

88. Complete the sentence:

In patients with cancer of the stomach a prolonged, usually external, profuse bleeding results in severe

- a) + anaemia
- b) diabetes
- c) nausea
- d) malaise
- e) fatigue

89. Complete the sentence:

The duration of gastric cancer is not longer than

- a) 3-4 years
- b) 5-6 years
- c) +1-2years
- d) 2 -3 years
- e) 6 months

90. Choose the right variant:

While ... to the patient's heart doctor found a soft systolic murmur.

- a) writing
- b) +listening
- c) doing physical exercise
- d) speaking

e) reading

91. Finish the sentence:

The blood analysis revealed moderate leucocytosis and an elevated

- a) Hg
- b) RBC
- c) WBC
- d) +ESR
- e) X-ray

92. Choose the right variant:

The physician considered the patient to be ill rheumatic endocarditis and insisted on his following a strict bad regimen at the

- a) in-patient department
- b) out-patient department
- c) hospital
- d) polyclinic
- e) chemist's

Тесты IV уровня

1. What is the State language in Republic of Kazakhstan ?
 - a) + Kazakh
 - b) Russian
 - c) English
 - d) Turkish
 - e) Ukraine
2. When was the RK law on languages adopted ?
 - a) +1996
 - b) 1995
 - c) 1991
 - d) 2005
 - e) 2009
3. What is the RK law on languages based on ?
 - a) program
 - b) +constitution
 - c) regulations
 - d) relations
 - e) project
4. What language is used in RK equally with Kazakh ?
 - a) English
 - b) Turkey
 - c) + Russian
 - d) German
 - e) French
5. What language is used in RK international activity ?
 - a) Russian ,English
 - b) Russian ,German
 - c) Kazakh, Turkey
 - d) Kazakh, French
 - e) + Kazakh, other languages due needs
6. What languages is all documentation in RK state bodies and organizations carried out ?
 - a) + Kazakh ,Russian
 - b) Kazakh ,English
 - c) Russian ,English
 - d) Russian ,German
 - e) Kazakh , French

7. What subjects are obligatory in educational institutions due to "RK law on languages"?
- a) Russian, English
 - b) Kazakh, English
 - c) + Kazakh, Russian
 - d) Kazakh, German
 - e) Russian, Turkey
8. What language is the means of interethnic communication in RK?
- a) Kazakh
 - b) English
 - c) German
 - d) + Russian
 - e) Turkey
9. What is the language of business, communication and integration into global economics in RK?
- a) Russian
 - b) German
 - c) Kazakh
 - d) + English
 - e) Chinese
10. What bodies provide necessary conditions for development of state and other languages in RK?
- a) Parliament
 - b) Mazhilis
 - c) Ministry of education and science
 - d) Ministry of Public health
 - e) + All state organs
11. What does the State program on developing languages provide?
- a) state language priority, phased transfer of office work into Russian
 - b) + state language priority, phased transfer of office work into Kazakh
 - c) state language priority, phased transfer of office work into German
 - d) state language priority, phased transfer of office work into Turkey
 - e) state language priority, phased transfer of office work into Chinese
12. What does the RK law on languages consist of?
- a) + present law, other normative legal acts
 - b) present law, other state programs
 - c) present law, other regulations
 - d) present law, other international programs
 - e) present law, other regional programs
13. Whom is application of RK law on languages extended for?
- a) citizens of Kazakhstan
 - b) citizens of Kazakhstan, foreigners
 - c) citizens of Kazakhstan, persons without citizenship
 - d) + citizens of Kazakhstan, foreigners, persons without citizenship
 - e) persons without citizenship
14. What languages are necessary to develop due to "Triunity of languages" project?
- a) + Kazakh, Russian, English
 - b) Kazakh, English, German
 - c) Kazakh, English, Turkey

d)Kazakh, Russian ,German,

e) Kazakh ,Russian, Chinese

15.What does the **introduction** of “Trilingual teaching in KazNMU” program suppose?

a) stage by stage development of teaching 1 language

b) stage by stage development of teaching 2 languages

c) + stage by stage development of teaching 3 languages

d)) stage by stage development of teaching 4 languages

e) stage by stage development of teaching 5 languages

16.What is the subject of “RK Law on languages ” regulation?

a) +social relations

b)national relations

c)ethnic relations

d)international relations

e)family relations
